SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

As authorized and encouraged under 37 CFR §§ 1.97-1.98 and the provisions of MPEP §§ 609 and 707.05 (b), Applicant submits herewith certain supplemental patent references, publications and/or other information which the Patent and Trademark Office may wish to consider in examining the above-identified patent application. The references and information are listed below and on attached form PTO-1449.

U.S. PATENTS

U.S. PATENT NUMBER	INVENTOR(S)
6,716,522	Matsumoto et al.

A copy of the document is included for the express purpose of providing the Patent and Trademark Office with ample opportunity to evaluate the same and arrive at an independent assessment of the materiality, if any, to the examination of the above-identified application.

In reviewing the enclosed copy of the above document, the Examiner is instructed to ignore any underscoring or highlighting which may have been done because such markings may or may not have any relationship to the subject matter of the above-identified application. The copy being submitted with this Information Disclosure Statement is the best copy available at this time.

The identification of the document herein is not intended to be, and should not be understood as being, an admission that such document, in fact, constitutes "prior art" within the meaning of applicable law.

Applicant submits this statement in accordance with their duty of disclosure under 37 C.F.R. §1.56. This statement is filed in accordance with 37 C.F.R. 1.97(c), after the mailing date of a first Office Action on the merits, but before the mailing date of either a final action or a Notice of Allowance. The reference was not cited in a communication from a foreign office in a counterpart foreign application, and, to the knowledge of the person signing this certification after making reasonable inquiry, the reference was not

known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement.

Applicant respectfully requests that the document cited herein be made of record in the normal manner and that such document appear on the printed patent as being considered and made of record.

Respectfully submitted,

Date: 5 4 04

Examiner	Date Considered

Examiner: Initial if citation considered, whether or not citation is in conformance with MPEP 609. Draw line through citation if not in conformance and not considered. Include copy of this form with next communication to applicant.

The identification of any document herein is not intended to be, and should not be understood as being, an admission that each such document, in fact, constitutes "prior art" within the meaning of applicable law since, for example, a given document may have a later effective date than at first seems apparent or the document may have an effective date which can be antedated. The "prior art" status of any document is a matter to be resolved during prosecution.
